

Erratum

In the article by Çelik D and Güneş A titled “*The effect of virtual reality glasses on pain and anxiety during the kidney stone lithotripsy procedure*” published in *Health Sciences Quarterly* (2025;5(3):233–241), an error was identified in the “Research environment” section.

The data collection period was incorrectly reported as “**July 2021–February 2022.**”

The correct statement should read as:

“**October 2021–February 2022.**”

This correction does not affect the results or conclusions of the study.
